Yogyakarta - The Perfect Study and Lifestyle Destination

YOGYAKARTA (also recognized as Yogya or Jogja) is located in the middle of Java Island. Staying as a student here is a great deal for an affordable place for pursue their study.

Mesmerizing

While jogja is well-known as a traditional city, it is blessed with a delightful atmosphere that attracts everyone to come and live in Jogja. This 'special region' is decorated with several mountains, beaches, and tones of tourist spots that are ready to feast your eyes with their incredibly mesmerizing view that could wonder everyone. One could easily escape from reality the moment they breathe from this magnificent city.

Transportation

To convenient access, Yogyakarta also has reliable city transportation. Students can easily access the city bus transportation (Trans Jogja), using a motorcycle (ojek) or calling for a cab. Online ride-hailing services such as Go-Jek and Grab are also reliable and very easy to find in the city.

Affordable

Jogja is quite popular among students for its city that consists of over 90 educational institutes that you can choose from the long list. With that significant number of educational institutes, Jogja is known as 'student price' in almost every part of this region. The price is surprisingly low and affordable for everyone, and that what makes it a perfect place to study.

Foods and Amenities

Various kinds of amenities at affordable prices can be found easily throughout Yogyakarta at stalls, mini markets, malls, or even the local traditional markets. Besides from providing Yogyakarta traditional cuisine, various traditional dishes from all over Indonesia and international cuisine are also available.

66

Living in Jogja is quite an immersive experience that everybody needs to converse with. Jogja is surrounded by numerous beaches, mountains, and a lot of tourist spots, especially for sight-seeing, and that what makes it more intriguing to explore.

Establishment and Development of UMY

1981

UMY was established as one of Muhammadiyah's business affiliations, a religious social organization, on 1 March 1981. During this period, SPG Muhammadiyah Yogyakarta became the first building where UMY students pursued their study.

1985

In 1985-1992, the first 4-stories UMY campus building built in the ASRI Field of Jl. Hos Cokroaminoto 17 Yogyakarta. This campus also served as an unofficial means of publication, as it represented UMY in Yogyakarta's presence and existence.

1997

A central UMY campus was launched in 1988 to be founded in Ngebel, Tamantirto, Kasihan, Bantul, Yogyakarta on 25 hectares. The establishment began in July 1995, and the construction of the primary buildings of UMY was completed in 1997, so-called twin towers.

Today

The central campus continues to be developed and involved with the development of assets and support facilities such as the Research Centre and Student Dormitory; the process continues into 2019. UMY also plans to build a Central Research and Innovation Center (M. Dasron Hamid) to begin in 2019.

Why Study in UMY ?

Yogyakarta is such a lovely city, the pink sky at 4 or 5 o'clock, colorful houses, cartoon trucks, locals smiling at you, classmates who take you around enthusiastically. As an exchange student, all English reading text and presentations are a significant challenge. It improved my English to a certain extent, strengthened my in-depth knowledge of textbooks.

Immigration

The international students who are going to study at Universitas Muhammadiyah Yogyakarta need to learn two key immigration steps to be completed before studying at UMY. These two steps are the VISA application process and the residence permit process.

The Overall Immigration Flow for International Students

The explanation for each number:

1. Your university will send to the CIA UMY the name lists of students who get the scholarship
2. The CIA UMY will send the Letter of Acceptance (LoA) attached by the immigration guideline to the student and some requirements to apply for the Visa
3. The student sends the required documents to CIA UMY
4. The CIA UMY will process the documents to the Indonesian Ministry of Research, Technology and Higher Education until the Telex Visa applying process is done
5. When the Telex Visa is already served by the Indonesian Ministry of Research, Technology, and Higher Education of Indonesia then the Telex Visa will be sent to the addressed Indonesian Embassy
6. The student comes to the Indonesian Embassy to take the Visa (mostly it takes 3-7 days to pick the Visa from the embassy)
7. Then, the student can come to Indonesia, and the student has to go to CIA UMY to process their Limited Stay Permit (ITAS) before 30 days staying in Indonesia.
8. The CIA UMY will accompany the student to submit their documents to the immigration office.
9. Finally, after getting the ITAS, the student should report him/herself to the Police Office as the requirement for extending the Limited Stay Permit.

Table of Requirements, Prices and Duration For Visa Processes

No.	Step	Costs	Duration	Requirements
1.	TELEX VISA Applying Process	Rp 200.000/ 14 USD (1 USD = 14,173.63 IDR / 2019)	Approximately 2 weeks work hours process	<ol style="list-style-type: none"> 1. Scanned CV with UMY's format 2. I have a very good impression of Indonesia. I thought that UMY students were kind as they explained it in-depth. Also, the professors told me slowly if I felt difficult about the class, and I could understand everything.
