IMPROVING ENGLISH CERTIFICATION QUALITY, UMY SIGN MOA WITH ENGLISHSCORE BRITISH COUNCIL

Vice Rector for Academic Affairs Universitas Muhammadiyah Yogyakarta, Prof. Sukamta with Country Director, EnglishScore British Council, Tony Gunawan after the signing of MOA

English proficiency test right now has enormous demands all over the world, as many people need it as the requirement for many things such as pursuing an academic degree or to qualify as a professional in many fields.

On (14/06) Universitas Muhammadiyah Yogyakarta and EnglishScore British Council agreed to sign a Memorandum of Agreement. According to Vice-Rector for Academic Affairs, Prof. Sukamta, This opportunity will help lecturers and students get better experience in taking English proficiency tests. “

I hope with the establishment of this cooperation, all the lecturers and students will have better experience in taking English proficiency test and also they can get the certificate faster than other test platforms,” Said Sukamta in his remarks.

The second remark was delivered by Ian Matheson, Global Development Manager of EnglishScore British Council hoping for this collaboration will be fruitful for both institutions. In his remarks, Ian also said that Indonesia is a potential place for growing EnglishScore,

This signing was also attended by Tony Gunawan as Country Manager from British Council English Score. In his remarks, Tony Gunawan said that with EnglishScore, lecturers and students will get many benefits such as affordable tests, proper mobile apps, and advanced AI Technology that ensure nobody is cheating while taking the exam.

Continue to Strive to improve internationalization Programs, UMY Held Ambassadors Gathering!

Universitas Muhammadiyah Yogyakarta (UMY) has been inspired by the huge number of international students enrolling at the campus with the slogan "Young & Global" to strengthen its internationalization program by building cooperation with governments in other nation. This is among the explanations for which UMY hosted the "UMY & Ambassadors Gathering" on Thursday, June 16, at the Muhammadiyah Central Executive Building in Menteng, Central Jakarta.

Universitas Muhammadiyah Yogyakarta conducted the event for the first time and invited several ambassadors and delegates from 13 countries to uphold the "Young and Global" philosophy. Syria, Pakistan, Ecuador, South Africa, Turkey, Taiwan, Palestine, Morocco, Yemen, Iraq, Thailand, Bangladesh, and France are among these nations

According to Professor Syafiq A. Mughni, MA, Ph.D., Chairman of the Muhammadiyah Central Executive, hosting a gathering with the ambassadors or their representatives is a very important agenda for Muhammadiyah universities. Because it is part of the mandate of Muhammadiyah's long-term goals, named the internationalization of Muhammadiyah.

UMY & Ambassadors Gathering 2022

Strengthening UMY International Collaborations Through Joint Working Group 2022!

Universitas Muhammadiyah Yogyakarta (UMY), a university with a remarkable international reputation, assumes the responsibility of enhancing and growing the standard of learning via research that generates innovation through cross-border cooperation.

This was proven by UMY's attendance in the 12th Indonesia-France Joint Working Group (JWG) event, which took place at the Hauts-de-France Polytechnic University (UPHF) Valenciennes on Tuesday and Wednesday, June 28-29.

As of now, UMY has been successful in working with several educational institutions in France, including Universite Burgundy Franche-Comte, Institut National Des Sciences Appliquees Hauts-De-France, and Universite Technologie Troyes, to conduct research and develop human resources

"UMY offers 3 key elements for cooperation. Particularly, promoting UMY to recruit international students from France and Europe, as well as developing and implementing partnerships with French institutions and research organizations.

On the first day of the activity, Tuesday (28/6), which was attended by more than 300 participants from Indonesia and France, Prof Gunawan added, "As well as the creation of bridging programs to strengthen the ability of human resources (HR)".
